SEKHAR VISHAL

Chittoor, Andhra Pradesh

9652318496 vishal944170@gmail.com linkedin.com/in/sekhar-vishal-0501602b1

Professional Summary

Full Stack Developer with professional experience in developing scalable enterprise applications using **Java**, **Spring Boot**, **Angular**, and **Apache Wicket**. Microsoft Certified **Azure AI Cloud Developer Associate** with hands-on experience in AI-powered application development, REST API integration, cloud-based solutions, and event-driven architectures using **AWS Lambda** and **Amazon Kinesis**. Skilled in **MySQL**, **MongoDB**, **RabbitMQ**, secure coding practices, and Agile software development, with a passion for building scalable, high-performance software solutions.

Education

Mother Theresa Institute of Engineering and Technology **Nov 2021 – May 2025**
B.Tech in Electronics and Communication Engineering — CGPA: 8.5 *Palamaner, Andhra Pradesh*

Sri Vivekananda Junior College **Jul 2019 – Jun 2021**
Mathematics, Physics, Chemistry — Percentage: 90.1 *Palamaner, Andhra Pradesh*

Vignana Deepthi English Medium School **Jun 2018 – Jun 2019**
SSC — CGPA: 9.7 *Chittoor, Andhra Pradesh*

Experience

Full Stack Developer **Aug 2025 – Present**
SecureW2 *Chennai, Tamil Nadu*

- Working as a **Full Stack Developer** in developing scalable enterprise applications using **Angular**, **Apache Wicket**, and **Spring Boot**.
- Developed backend services using **Java**, **Spring Boot**, REST APIs, and integrated databases including **MySQL** and **MongoDB**.
- Worked with **RabbitMQ** for asynchronous communication and optimized SQL queries for improved application scalability and performance.
- Contributed to AI-enabled workflows involving intelligent automation, data processing, and integration of AI-based functionalities into enterprise applications.
- Worked on secure coding practices and vulnerability mitigation techniques related to **XSS**, **Host Header Injection**, and web application security.
- Participated in Agile development processes including debugging, deployment, production support, feature enhancement, and code reviews.

Full Stack Developer Intern **Feb 2025 – Aug 2025**
SecureW2 *Chennai, Tamil Nadu*

- Worked as a Full Stack Developer Intern for 6 months, contributing to enterprise-level applications using **Angular**, **Apache Wicket**, and **Spring Boot**.
- Developed responsive frontend modules and integrated backend REST APIs for scalable web applications.
- Worked with **SQL**, **MongoDB**, and **RabbitMQ** for data management and asynchronous messaging workflows.
- Collaborated with development teams in debugging, testing, and implementation of new application features within Agile environments.

Full Stack Development Intern **Oct 2024 – Dec 2024**
Infosys Springboard Internship 5.0

- Completed a full-stack development internship focused on **Java**, **Angular**, and **Spring Boot**.
- Developed the project **E-Doctor Appointment Management System** with appointment scheduling and email notification functionalities.

Projects

E-Doctor Appointment Management System | *Java, Angular, Spring Boot, MySQL, HTML, CSS* **Oct 2024**

- Developed a responsive doctor appointment management system using **Angular**, **Spring Boot**, **Java**, **HTML**, and **CSS**.
- Integrated mail services for appointment notifications and implemented RESTful APIs for seamless client-server communication.
- Enhanced application usability through efficient data handling, optimized backend performance, and responsive UI design.

Student Information Management System | *Java, JDBC, Servlets, MySQL, HTML, CSS* **Jan 2024**

- Developed a student information management system using **Java**, **JDBC**, **Servlets**, **HTML**, and **CSS**.
- Implemented secure MySQL database integration with advanced search and data retrieval functionalities.
- Streamlined administrative operations through efficient data management and user-friendly interfaces.

Technical Skills

Programming Languages: Java, Python, JavaScript, SQL, C
Frontend Technologies: Angular, Apache Wicket, HTML, CSS, JavaScript
Backend Technologies: Spring Boot, REST APIs, JDBC, Servlets
Databases: MySQL, MongoDB
Messaging & Tools: RabbitMQ, Git, Eclipse, MySQL Workbench
AI & Data Technologies: Machine Learning, Deep Learning, NLP, AI Workflows, Data Processing
Security Concepts: XSS, Host Header Injection, Secure Coding Practices, Web Application Security

Certifications

Microsoft Certified: Azure AI Cloud Developer Associate **Earned: Jul 2026 Expires: Jul 2027**
Microsoft

- Microsoft Certified Associate credential validating skills in developing, deploying, and integrating AI-powered cloud applications on Microsoft Azure.
- Credential ID: **1AAD021A2225B8B2**
- Certification Number: **DDF3EP-9508A5**

Career Essentials in Generative AI **Jul 2024**
Microsoft and LinkedIn

- Completed training on Generative AI, AI ethics, AI applications, and AI development fundamentals.

Artificial Intelligence and Cloud Intern **Jan 2024**
Edunet Foundation in collaboration with AICTE

- Worked on AI and cloud-based projects using Python, IBM SkillsBuild, and IBM Cloud Platform.

Cybersecurity Security Analyst Simulation **Feb 2024**
Tata Forage

- Gained practical exposure to IAM principles, cybersecurity best practices, and vulnerability management concepts.

TCS iON Career Edge – Young Professional **Oct 2023**
Tata Group

- Completed training on communication skills, interview preparation, business etiquette, and AI fundamentals.
